<b>Module Name: Legal Remedies in Private Law</b>	
Module Code	w.BA.XX.2AGPR-BL.XX
Module Description	Students are able to distinguish the legal remedies of the private law system and how they apply to specific problem areas of business law. They are able to find and interpret the relevant legal provisions of different private law areas and apply them to specific case constellations. Students acquire the methodological know-how to analyze private law terminology and standards and implement them in the context of practical legal problems. They recognize the interrelationships of the various legal remedies and develop the ability to use their specialist knowledge in dealing with complex legal cases in an integrated and interdisciplinary manner.
