

2020.HS

Module Name: BA Fundamentals & Strategy	
Module Code	w.BA.XX.2BWL-BL.XX
Module Description	In Business Administration - Basic Principles and Strategy, students acquire a deeper understanding of key economic global connections and the skill of holistic, networked thinking. Based on the St. Gallen management model, the many problems areas of business administration are discussed. One focus of the module is on the key tools, models, and concepts of strategic, financial, market, process, and employee-oriented corporate management and on their application. Additional module content involves the subject areas of entrepreneurship and corporate social responsibility.
