

Valid for 2023.HS

<b>Module Name: Project ARIS – Space to grow I</b>			
Module Code	w.BA.XX.2ProARIS.XX		
Module Description	In the "ProARIS" elective, students have the opportunity to expand their practical experience in the ARIS project in business management functions (project management, marketing, HR). The Swiss Academic Space Initiative ARIS (Akademische Raumfahrt Initiative Schweiz, <a href="https://aris-space.ch">https://aris-space.ch</a> ) was founded by students at ETH Zurich in 2017 as an association with the aim (and support of ETH Zurich) of getting the next generation excited about space travel, enabling students to work in interdisciplinary teams on practical team projects, and ultimately to build a rocket every year to take part in an international competition between universities in the United States (Spaceport America Cups (SPAC)) in June. Students are supported and coached by SML lecturers.

Written Assignment	Grade	-	100,00 %	
Classroom Attendance Requirement	Mandatory Attendance: Other - Attendance times at ARIS by agreement. - Coaching appointments with SML supervisors are arranged individually.			
Language of Instruction/Examination	English			
Compulsory Reading	-			
Recommended Reading	-			
Comments	<p>In April/May, the module coordinator will send out an e-mail with module details. He or she will refer students to the Moodle course for this module (<a href="https://moodle.zhaw.ch/course/view.php?id=8472">https://moodle.zhaw.ch/course/view.php?id=8472</a>), where the possible applications of ARIS including contact information and procedures are described in detail.</p> <p>By mid-July, ARIS and SML supervisors will decide who will be accepted for the module. The selection process will be decided BEFORE the official selection window.</p> <p>The module takes two semesters (fall AND spring semesters) to complete. Registration for the following ProARIS 2 elective in the Spring Semester is automatic.</p>
